

LAND COMMITMENT

I acknowledge that I live and work on stolen lands of the Ute, Navajo, Arapaho and many other Native American Nations.

I commit to honor their rights, and acknowledge their history. I commit to donate every year to orgs advocating for land back. I commit to raise my voice

and ACTIONS:

Indigenous Mathematicians

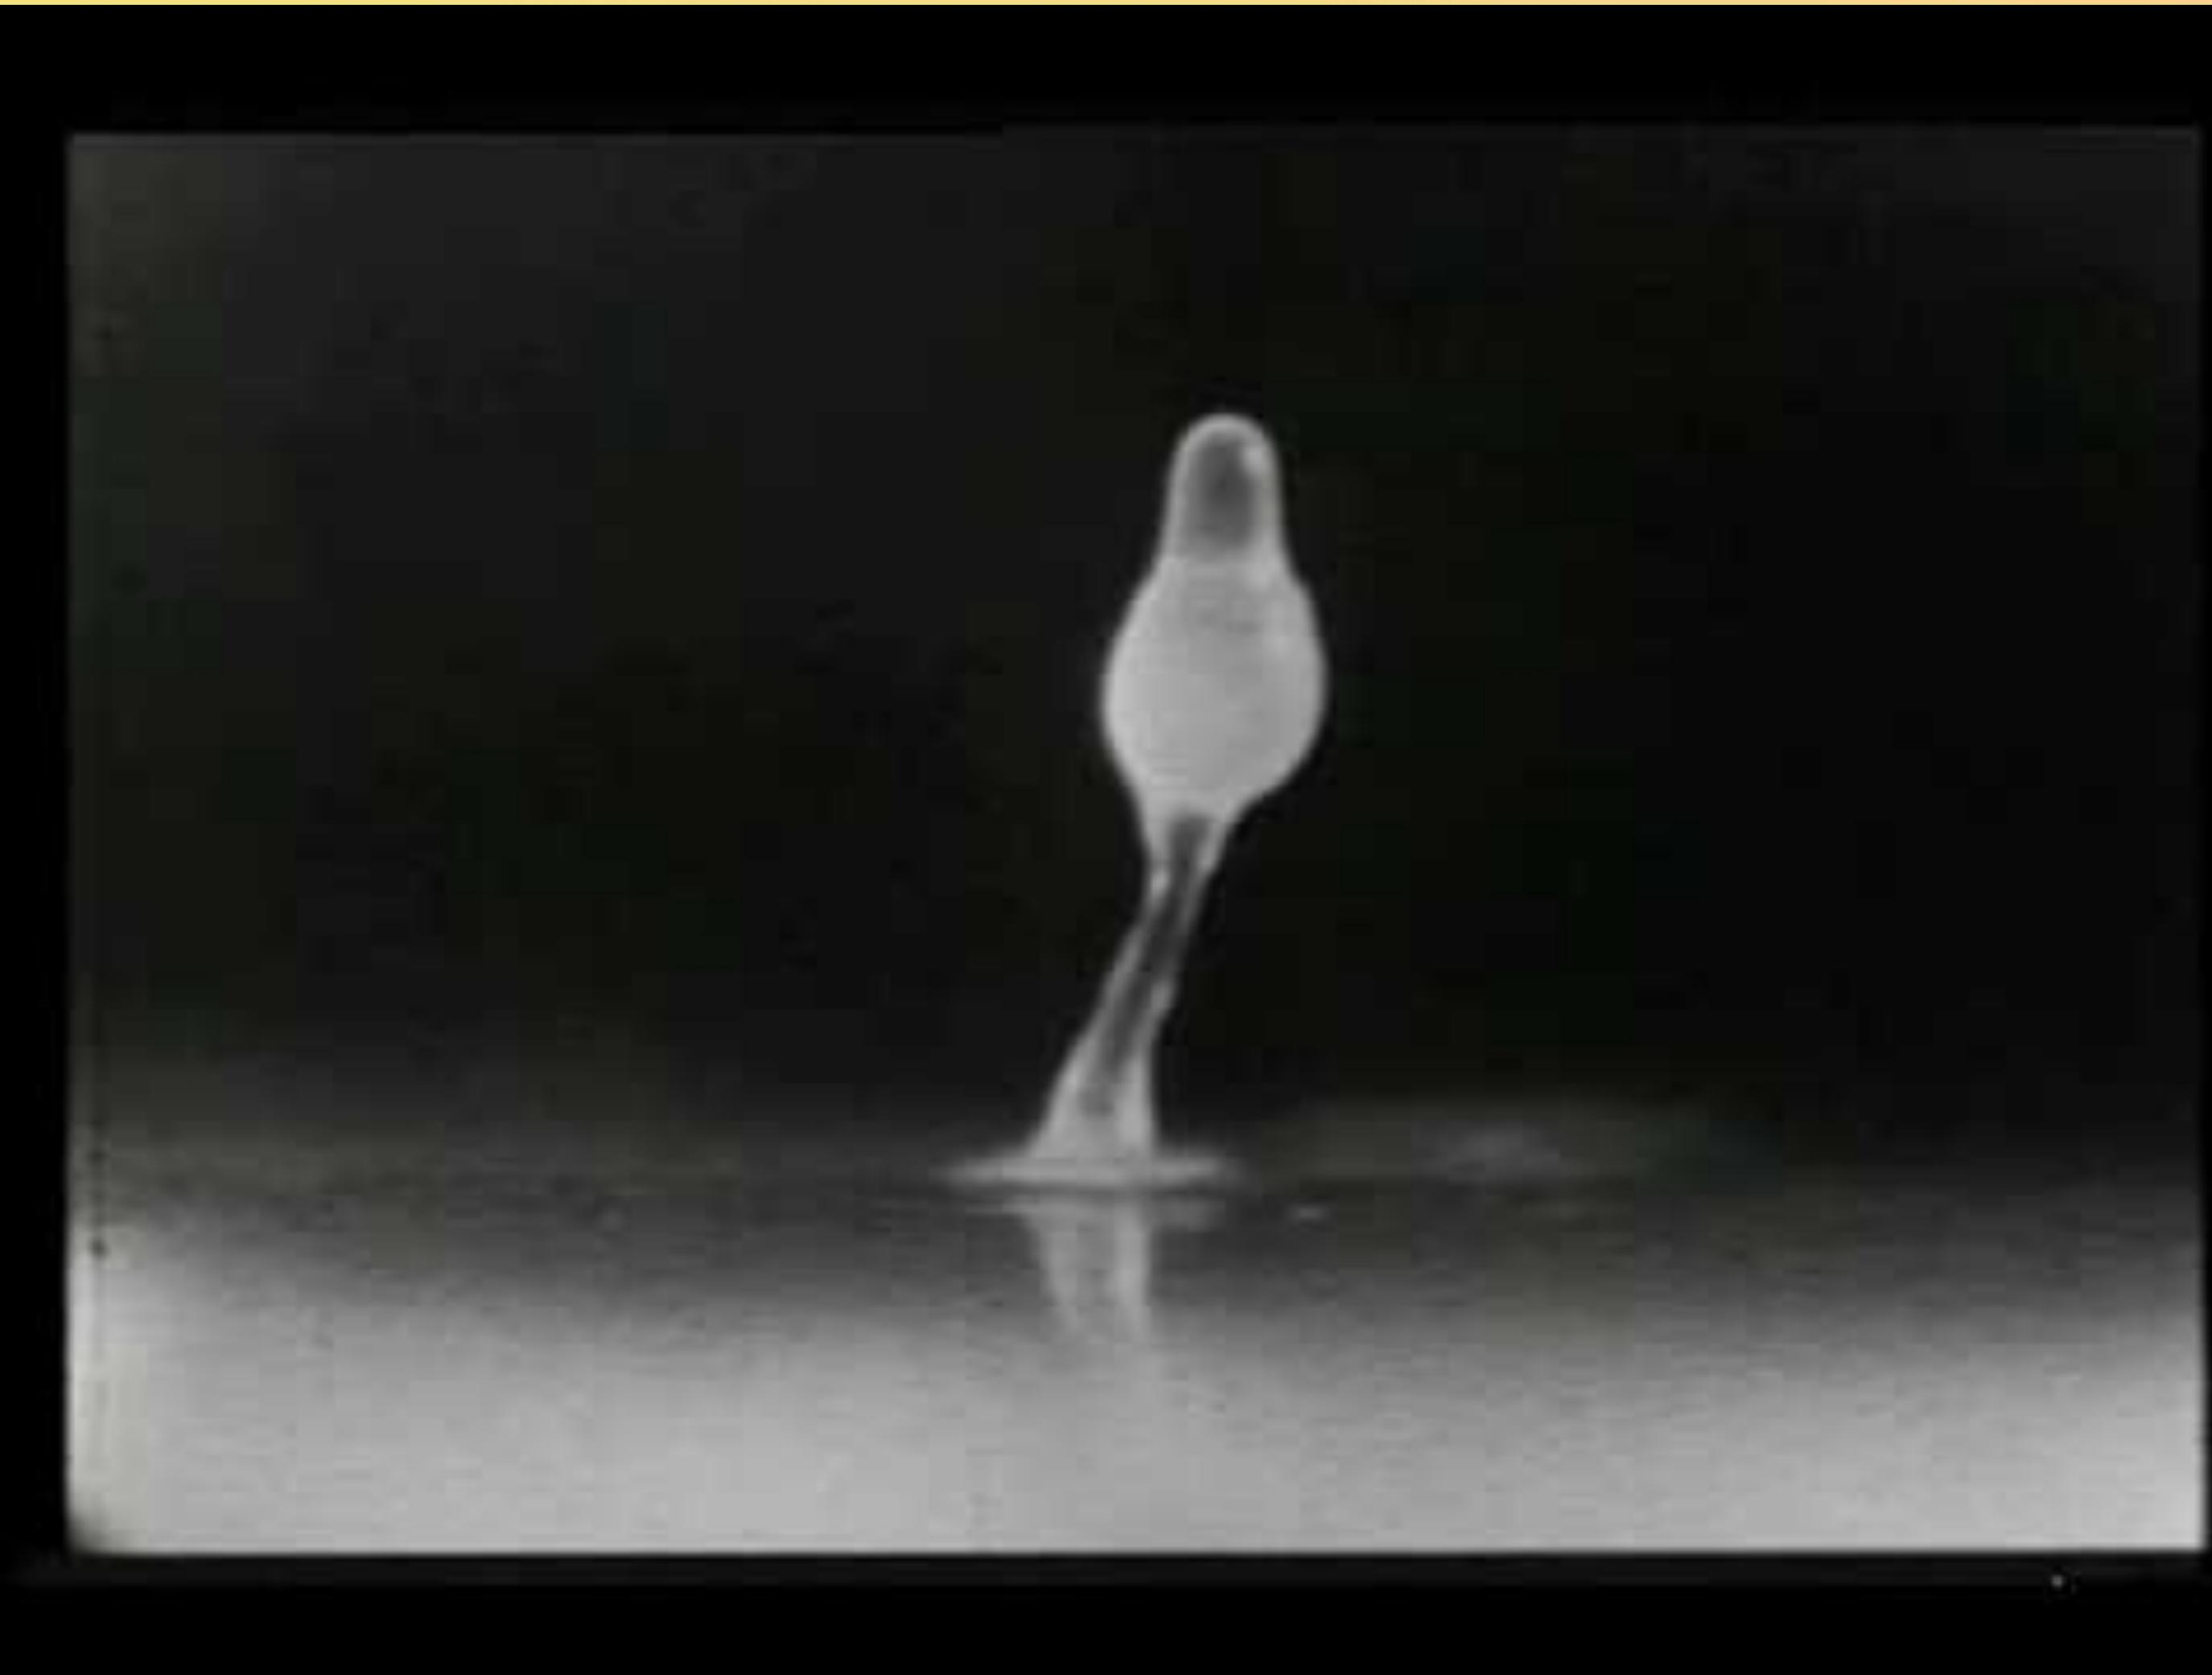

BDS campaign for scientists

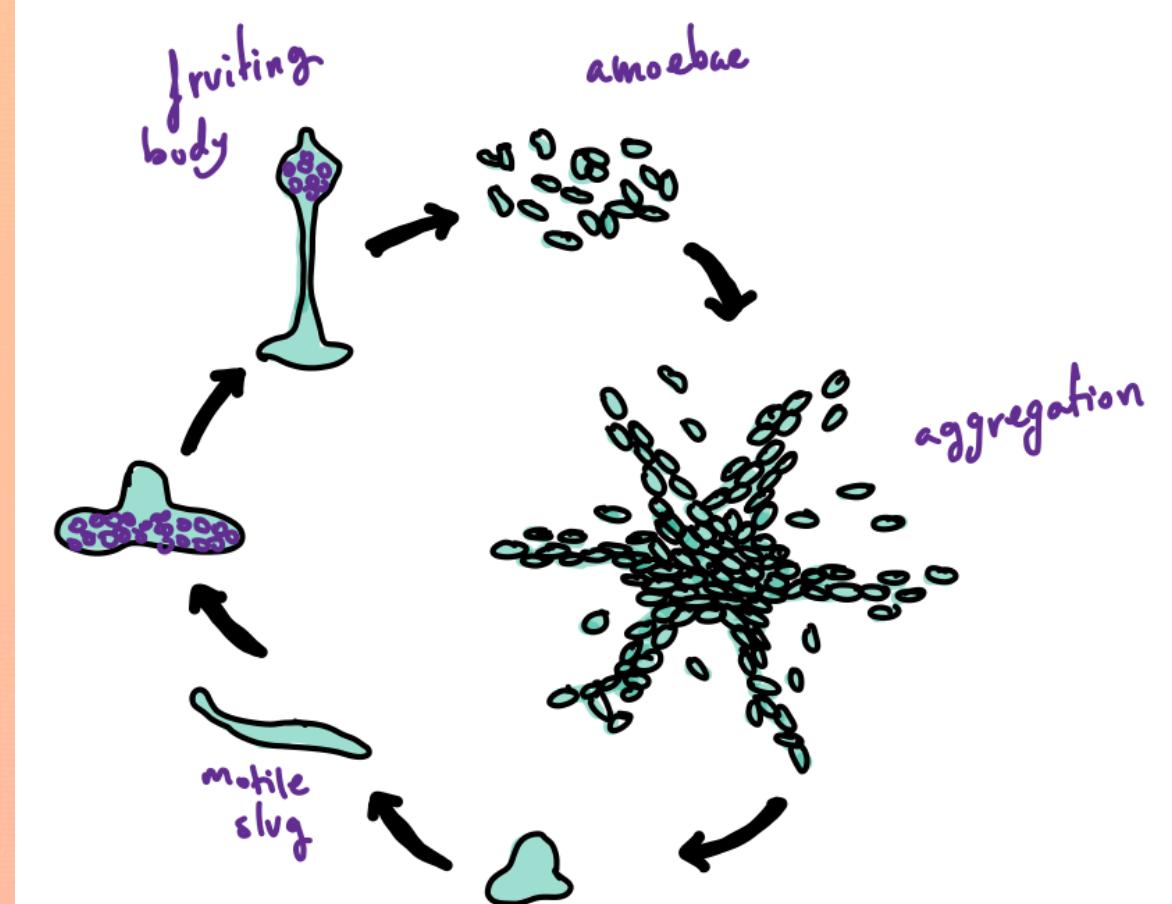

Oops math!

SLIME MOLD

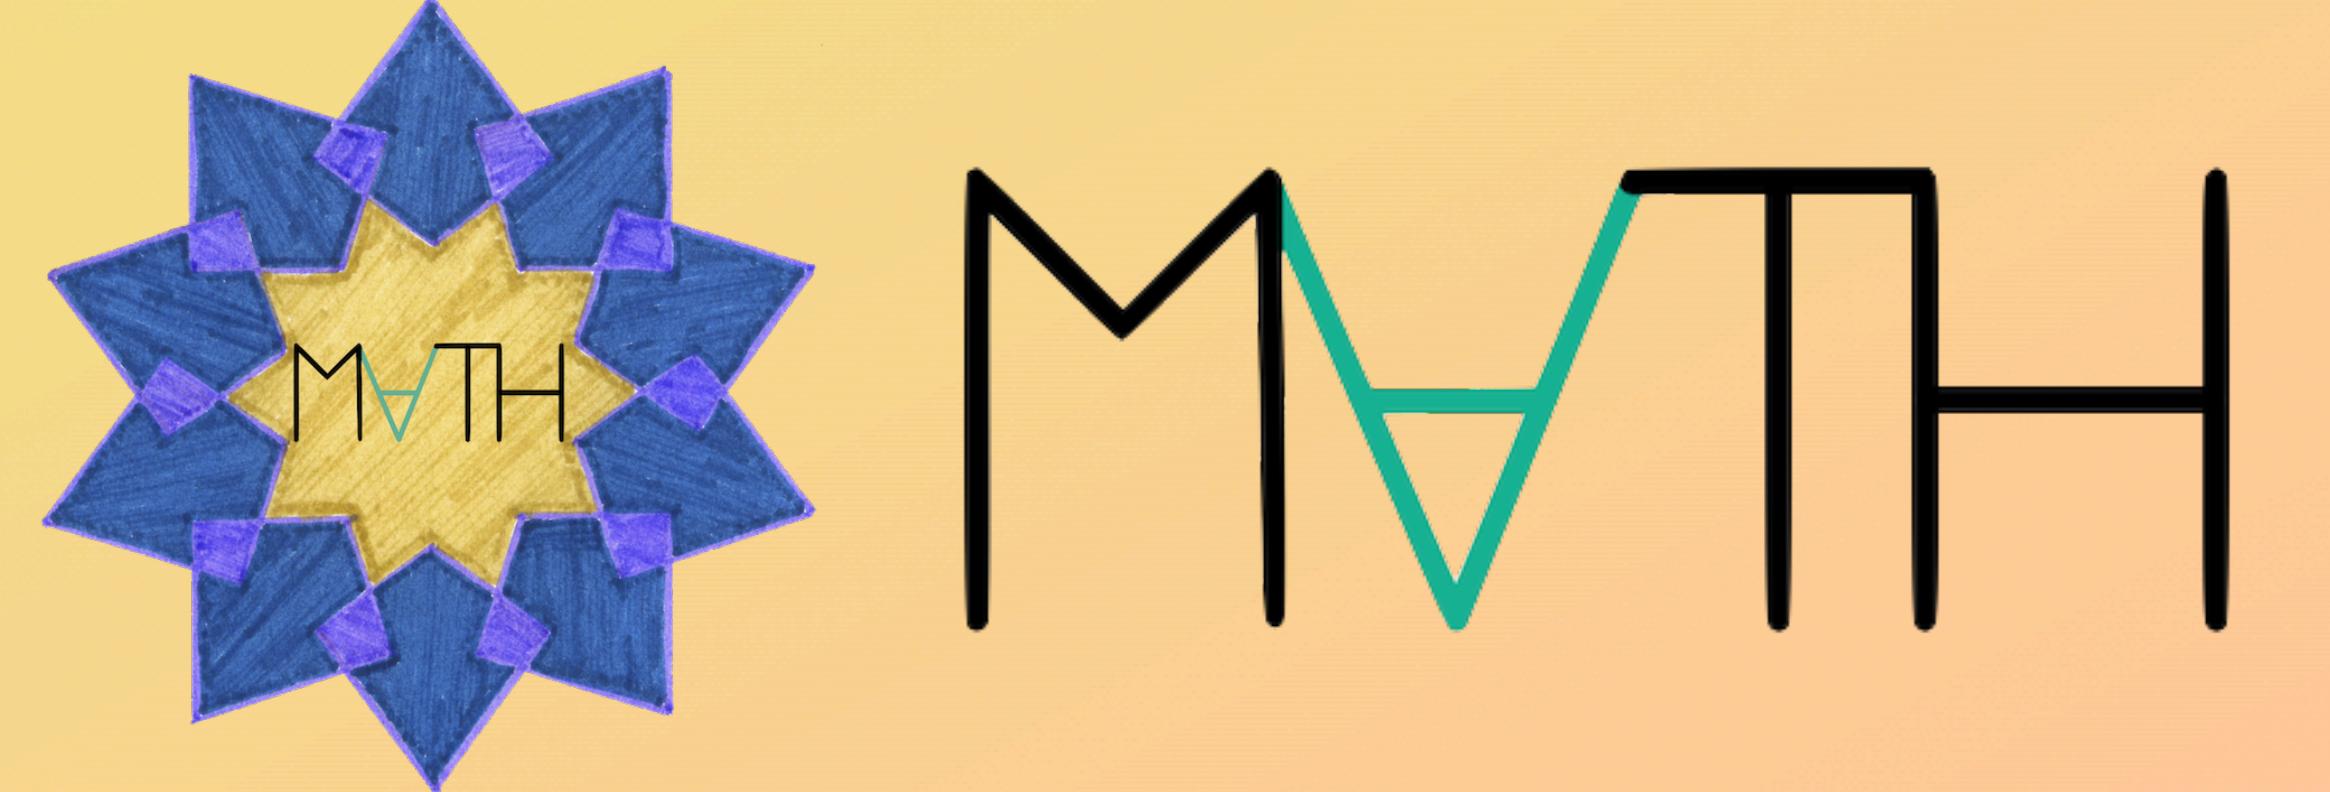

Dictyostelium Discoideum
(slime mold)

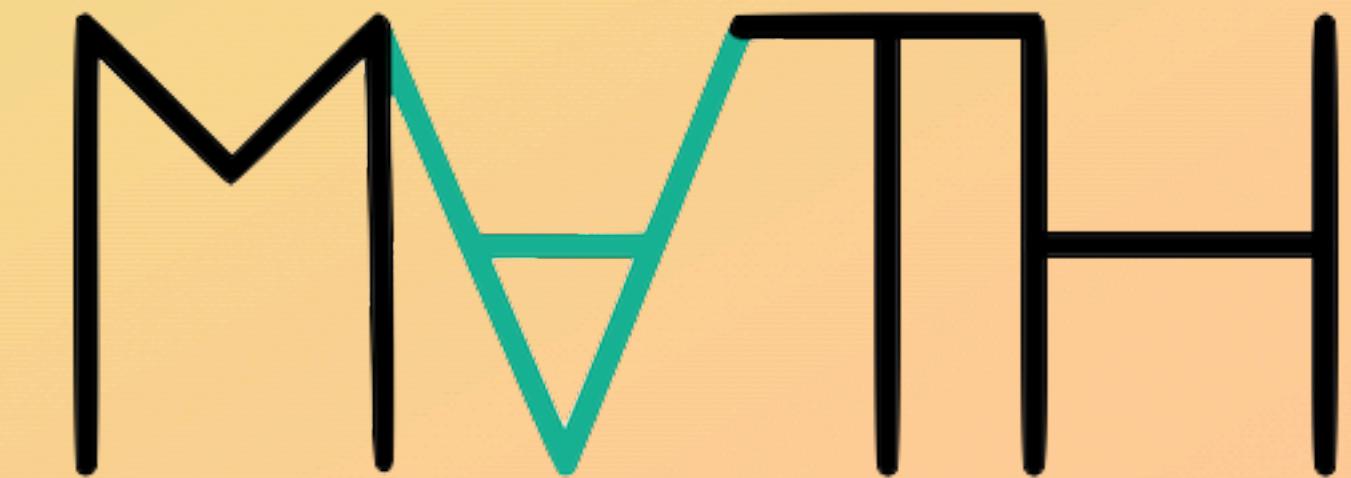

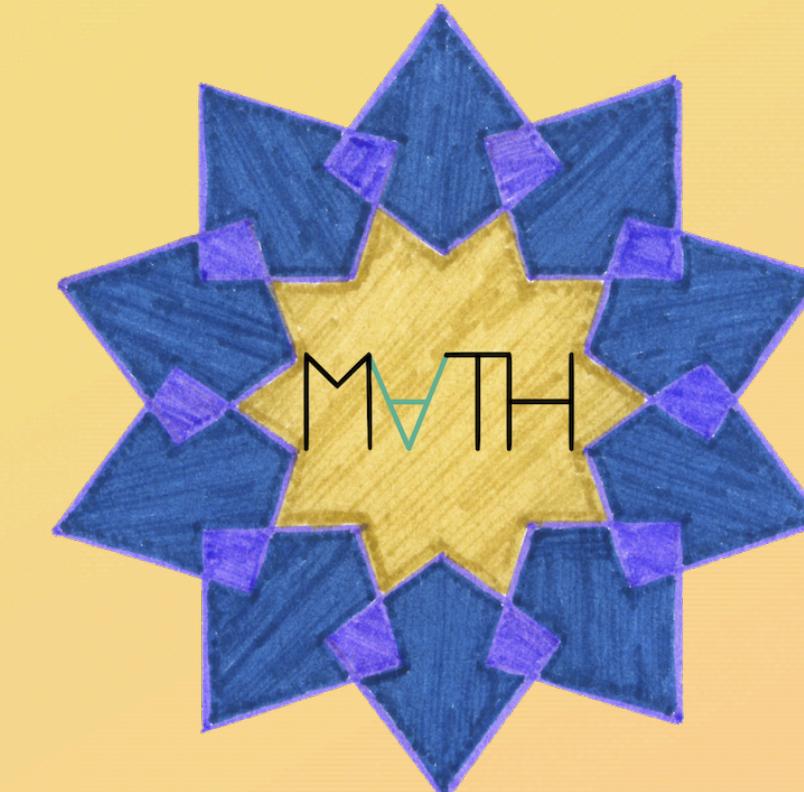

MATH FOR ALL

The Math For All conference has the purpose of fostering inclusivity in mathematics by holding talks and discussions in both research and education. This conference is targeted to all career stages and institutions and its main goal is to provide **a friendly, open environment to learn and discuss mathematics.**

MATH FOR ALL

Plenary Speaker: Dr. Ila Varma

MEET A MATHEMATICIAN

Watch our interviews at [www.meetamathematician.com!](http://www.meetamathematician.com)

Don't let others define what success is for you.

Dr. Juliette Bruce
NSF Postdoc, University of California, Berkeley

Careers in mathematics provide the opportunity to make such a positive difference in the world.

Dr. Alexander Diaz-Lopez
Professor, Villanova University

You are mathematical. You are a math person because you do mathematics.

Dr. Jacqueline Akinpelu
Retired, John Hopkins University Applied Physics Lab

Math is for solving problems, math is for everyone, math is done by people.

Dr. Belin Tsinnajinnie
Professor, Santa Fe Community College

In difficult times, [...] think about the joys in mathematics, the things that draw you to it, and also persevere.

Dr. Tai-Danae Bradley
Postdoc, X the Moonshot Factory

Posters

There's no one right way to being a mathematician. Whenever you do math you are a mathematician in that moment.

Dr. silviana amethyst

Work and engage with people that accept you for who you are and it will make your math a lot better!

Dr. Joseph Hibdon

Dr. Sami Assaf

The greatest gift that you can give to mathematics is [...] your unique way of solving problems.

The mission of MΣΣT a Mathematician is to share stories of mathematicians from different backgrounds, especially from historically excluded groups, with the aim of introducing students to role models and fostering a sense of community.

Dr. Chad Topaz

With the right support and a determined spirit, everyone has the capability to master mathematics and harness its power to serve the greater good.

Dr. Tarik Aougab

You have control over your own destiny. You can decide what it is that you want to do.

Dr. Keisha Cook

Share your knowledge and wisdom. You never know who [...] needs to hear what you have to say.

Dr. Ngoc Tran

Great math is inseparable from play. Just enjoy playing with math.
